

*Celebrating on...
le Train de l'Ardeche!*

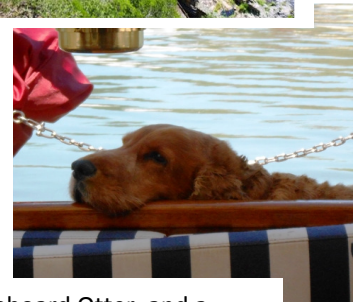

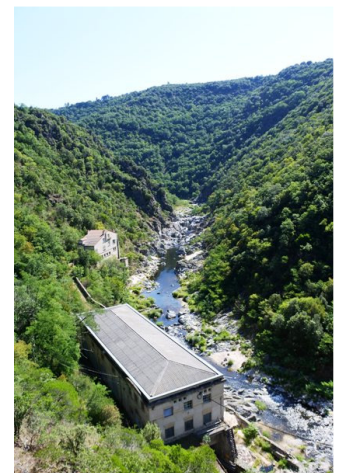

20 June 2017

Delayed by the hot, strong Mistral winds, we found ourselves still sitting in Valence pondering how to celebrate our 25th Silver wedding anniversary...when we discovered that we were really close to the Reserve Naturelle des Gorges de l'Ardeche, and the little steam train that winds its way through the sinuous gorges of the Doux River. Brilliant! Cool, green and fun!

And spaniels allowed, too!

Then touring through some villages by car, champagne aboard Otter, and a meal at the posh marina restaurant- (not very good as it turned out but we'll make up for it...) and tickets to a Runrig concert at a castle in Heidelberg on the way home!!! Here's to more adventures! How fortunate we have been. Thanks for all the kind wishes received!!!
